Making Effective Communication

A Worldwide Reality

Stagecoach Speakers

Wells Fargo

Minneapolis, Minnesota

Ideas are good only when they are put into action – the first step is to express them.

To organize and lead people requires excellent communication skills. Clear and persuasive speaking and active listening are key. Toastmasters is ideal for executives who want to develop these skills.

Much of my success in executive leadership comes from Toastmasters. They helped me become an effective communicator and to get true joy from public speaking.

I'm often asked how Wells Fargo team members can get ahead. As a veteran Toastmaster, I see great things for leaders engaged in this development opportunity. In fact, the future is promising when one can speak with a deeply rooted sense of enthusiasm and clarity, which are taught through Toastmasters.

The communication and leadership skills cultivated in Toastmaster clubs such as Minneapolis' Stagecoach Speakers are invaluable. I applaud Stagecoach Speakers club members and personally look forward to seeing the fruits of your success.

Best regards,

John Stumpf
