Overview of Manual

- Information that we give to every new member when they join.
- A flier that can be changed to your club's specifics to save you time.
- Forms to save you time instead of constantly recreating them.
- File files for scheduling and tracking your club, along with forms for club meetings.
- The "Strive to Revive and Thrive" manual and spreadsheet give many details of the system and how we got our club back on track.

It took us a lot of work, but we realized, "It's not where you start, it's where you finish." These files will save you a lot of the work and time that it took us to develop this system.

You can easily apply this system in your own club and make your very own quantum leap! All the tools you need are available here!
